Dear Sir Galea,

AFC Ajax welcomes Birkirkara FC to the Ajax Online Academy and the Ajax Football Family as the only club in Malta. The goal of AFC Ajax is to form talented young players into top level professional football players and by using the Ajax Online Academy your club can develop its own players similarly.

The youth teams at 'de Toekomst' are trained in exactly the same way as the first team and this prepares them to play in the Ajax style which is attractive, offensive – minded, creative, fast, fair soccer played as far away from the Ajax goal as possible.

Central to this method is the 4-3-3 formation for all age groups and concentrating on the technical excellence of the players. With access to the Ajax Online Academy Birkirkara FC will be ideally equipped with all the resources necessary to improve players and the club to emulate the world famous AFC Ajax.

I wish you great success,

Yours in Soccer

Frank de Boer
